Pride and Professionalism

By Mike Kelly

VICTORY - Champions have it deep inside of them - a dream, a desire, a vision. They have the last minute stamina. They have to be a little faster. They have to have the will and the skill. But the will must be greater than the skill.

First let me congratulate all of our new club champions. We had a great time and saw some really good competition. I was a little disappointed by the turn out and wonder what more we could do to improve participation, but that's another conversation we can have at a later date. Congratulations to all the new club Champions.
